Question 4: Install rstan and brms

We will be using the packages `rstan` and `brms` from next week. Please install these. Here's some instructions:

- <https://github.com/paul-buerkner/brms>
- <https://github.com/stan-dev/rstan/wiki/RStan-Getting-Started>

In most cases it will be straightforward and may not need much more than `install.packages()`, but you might run into issues. Every Stan update seems to cause problems for different OS.

To make sure it works, run the following code:

```
##
## SAMPLING FOR MODEL 'anon_model' NOW (CHAIN 1).
